NEW HORIZONS

Those of you who have seen our report video from last furlough will remember the “No, Not Yet!” sign that our youngest daughter, Rebekah, was holding—indicating that she had not yet graduated high school. Well, now she has! **Rebekah graduated from A Bekah Academy on May 9th**, and is currently working the summer months at PCC (Pensacola Christian College). She is enrolled for the Fall semester as a **Music major with emphasis in violin**. Please pray for Rebekah as she continues to adjust to being away from home, and for Beth and I as we are now “empty nesters!” **Cristina will start her 4th year as a Nursing major at PCC**. Pray for her as she will be very busy with her preceptorship (nursing practicums) at the local hospitals this year.

We also got to see my parents, **Charles and Sarah Lott** for a while. **Dad has been pastoring for 38 years** and in the ministry many more years. Their health is beginning to decline as well—my dad has been diagnosed with Parkinson’s Disease and my mom is having some heart issues. Your prayers are greatly appreciated.

We were also blessed to see **Bro. John and Mrs. Yolanda Rice** again. Bro. John served as a missionary and had a ministry print shop for many years here in Guatemala. We worked very closely together for many years. **What a tremendous blessing it was to see them again!** They, too, are having some health issues in their later years. Pray for them also.

GREAT SERVANTS OF GOD!

While in the States, we took some much-needed time to spend with Beth’s parents, veteran missionaries **Milton and Frances Martin**. Although still active in various forms of ministry, my in-laws are now 81 years old, and as Bro. Martin says, “It’s not the years, but the miles!” **They have served the Lord in full-time service for over 60 years!** Mrs. Martin also struggles with post-polio syndrome. They need your prayers!

LADIES CAMP BLESSING!

The annual Ladies’ Camp that my wife started a number of years ago was a huge blessing this year. There were **74 ladies in attendance**, but it was **organized and run by just the Guatemalan Pastor’s Wives!** Beth attended and was scheduled to speak one time, but other things ran late, so that didn’t even happen. We praise the Lord for the way that the women have grown to accept these responsibilities on their own!
