

David & Beth Lott

APRIL 2016

YOU ARE A BLESSING!

Many times, mainly for sake of space, our gratitude for you, our supporters, is not mentioned in our prayer letters. That being said, **I would like to personally thank each individual, family and church who faithfully upholds us and our ministry in prayer.**

Your prayers make a real difference! Thank you also for those who on a regular basis support this ministry financially. The last 25 years of ministry would not have been possible without your giving and interceding for the Lott family as we serve here in Guatemala. **YOU ARE A BLESSING!**

PASTORS' CAMP A SUCCESS!

Our annual Pastors' Camp was a blessing as well this year. Due to an emergency in his church, our speaker for camp last year was unable to come at the last minute. After talking to the pastors who help me organize the camp, we decided to invite **Pastor Mark Thrift of Parkwood Baptist Church in Houston, TX**, back for this year's camp. This year's theme was **"Take Heed Unto**

Thyself..." with the focus being the importance of taking care in our personal, family and ministry lives so as to remain a faithful servant of the Lord.

YOUTH CAMPS IN MEXICO

Usually every year to a year and a half, God allows me the opportunity to travel to Mexico to minister among the churches of Chiapas that were planted and have grown under the ministry of my father-in-law, Dr. Milton Martin. This year Beth and I both got to go! (Being "empty nesters" has its perks!) **We traveled for 16 days, and I preached or taught 40 messages in just 12 days at two youth camps (of 274 and 126 young people, respectively) and seven different churches! Praise the Lord there were 23 professions of faith and three answering the call of God to preach! What a great trip!**

Being a missionary can be hard at times, but the rewards are truly worth every effort. The flesh may become weak, but the spirit indeed is willing and anxious to see what the Lord is going to do next!

A FAMILY NOTE

We are thankful that **God has safely brought our son, Timothy, back to the United States after a six-month deployment in the Middle East!** Although this time he was not imminently in harm's way (as he was in Afghanistan), we are grateful that he is back in Georgia!
