

# David & Beth Lott

JULY 2016

## LADIES CAMP 2016

In June, Beth helped teach in the annual ladies camp that she started some years back. This year there were **90 ladies in attendance**, mainly from the Guatemala City area, but there were also some from the interior, as well as 9 ladies from El Salvador. **Missionary Tammie González** (wife of Missionary Henry González) was the main speaker this year. The theme this year was **“My Offering to God.”**

conference, challenging the church to be faithful in their giving, but also in praying for the missionaries and reaching others here, where they are. **Last year the church gave Q.78,235.00 (\$ 10,300.00) to missions!** This year the Faith Promise is similar, with several members not having turned their Faith Promise cards in yet.

## PRAYER NEEDED FOR PROPERTY

**WE NEED YOUR PRAYERS!** **Abundant Life Baptist Church** has been in their building for three years now. Prior to obtaining their current facilities, the church had rented a series of different privately owned houses which they used as their church building until the current facilities were built. Our home church in the States gave Abundant Life an interest-free loan to purchase the land and build the modest “house” they are now using.

Recently the city has issue an order for a “change of use” to a place “open to the public.” This not only requires a good bit of paperwork and approval by different departments, but also the city is requiring 9 spaces for parking! In addition, at present there is no drivable access to the property! The curious thing is that there are dozens of larger churches with no parking whatsoever that apparently do not have the same requirements that are trying to be imposed upon Abundant Life.

The property (about 22’ x 40’) is completely built on! Although it is the only building on the block, all other properties are already sold, and there is no possibility for additional parking. The only other option is to try and buy additional property (if someone would sell), but that would cost around \$15,000.00, which the church does not have!

**PLEASE PRAY FOR A REASONABLE SOLUTION TO THIS SITUATION!**

Several ladies gave testimony regarding the blessing the camp was and the way that the Lord used Mrs. Tammie to challenge their lives in service to the Lord!

## MISSIONS CONFERENCE 2016

At the end of June, **Truth Baptist Church** celebrated its 10<sup>th</sup> Annual Missions Conference. **Pastor Fredy Trujillo**, from Mount Gerezim Baptist Church preached the
