

The David Lott Family

August 2012

GRADUATIONS! GRADUATIONS!

Almost immediately upon arrival in the States, we traveled to Pensacola, FL for graduations. Our son (**Jonathan**), his fiancée (**Rocío**), her sister (**Patty**), and our nephew (**Chad**) all graduated from **Pensacola Christian College** on May 9th. Three days later, our daughter (**Cristina**) graduated from **A Beka Christian Academy**. We are so proud of each of them and their achievements. God bless you all!

WEDDING! WEDDING!

We immediately left Pensacola to head back to Texas for **Jon and Rocío's "Legal" Wedding**. (In most countries there is a legal ceremony and a separate religious ceremony for each marriage.) They were married on **May 19th under the same gazebo where Beth and I were married almost 24 years ago** (at the time). There were about 80 family members and members of our home church in attendance on a warm, windy Saturday morning in June in Texas! It brought back a lot of memories and at the same time formed many new ones.

Five days later we boarded a plane for **Lima, Peru**. **On June 2nd, Jon and Rocío were married in a "religious" ceremony** for all of her friends, family and church family. The bride and groom were then off for an extended honeymoon in Cusco, Peru. Jon and Rocío will be living in Peru for a while before returning to the States to begin deputation for the ministry to which God has called them. **Congratulations, Jon and Rocío!**

MISSIONARY BOOT CAMP

Immediately upon arrival back in the States, our oldest daughter left for Missouri for **Reaching Beyond Borders Missionary Boot Camp!** Cristina spent three weeks "roughin' it" in the wilderness with 17 other young people. She got to kill chickens, build latrines, overhaul an SUV engine and cook over open fires. She learned many things and made several life-changing decisions for the Lord during her time at RBB! Thank you, **Friendship Baptist Church of Hurst, TX** for investing in Cristina's life in such a special way!

AIRMAN FIRST CLASS TO MOODY AFB

On July 23rd our son, Timothy, graduated from AF Tech School as a member of the **Security Forces** and will be going to his first duty station as **a member of the 820th at Moody AFB** in Valdosta, GA. During his tech school, Timothy participated in the "White Rope" program assisting the base chaplains as a volunteer. Chaplain Runnels said of Tim, **"I don't know what you did, but I wish you could do it to all the guys here. Airman Lott is an excellent young man."** Timothy was instrumental in starting a prayer group among the white ropes to pray for requests of the airmen attending the services. **We are very proud of you, Tim!**

Pray for us as we begin reporting to our supporting churches outside of Texas in August. We will not be back to Temple until the week of Thanksgiving! God bless!
