MAY 2021

FIRST SUNDAY SCHOOL WORKSHOP

Beth and I were blessed to be able to travel to Satipo (a town about 3 hours further into the jungle) to hold the first Sunday School workshop for the **Satipo Bible Baptist Church**, where a national missionary pastors. **Bro. Santiago Rolin** has been there about 4 years now. He had tried to start up Sunday School classes before COVID hit, but his wife was the only teacher. **We had 10 people attend the 4-day, 10-hour workshop** on “the importance of” and “the how to” of being a Sunday School teacher. Pray for them as they develop this ministry there in the town of Satipo!

siblings, was a faithful soulwinner, was the youth leader, attended the Bible Institute, and constantly witnessed all those around him. At the funeral (all-night wake), many were surprised at the amount of people outside the church that Marco had influenced for Christ in his daily life. Marco’s passing has left a deep sadness in the church, as well as a huge hole in the Guatemalan ministry. Please pray for the Lord’s grace in the lives of all that Marco touched!

AN OPEN DOOR...

Through the Bible College, God has opened a huge door for us to minister with a church among the **Yanesha Indian tribe**. During the last week of April,

Jonathan and I taught over 35 hours on the doctrine of the Holy Spirit. **We had 11 students including two pastors attend** the week-long, intensive modular classes.

Pastor Rolando gave testimony that years ago a Methodist pastor prayed for him and several other Yanesha pastors for them to “receive the baptism of the Holy Spirit” but **“nothing happened”**. They were told that if they did not speak in tongues, that they did not have the Spirit. They have lived for years in fear of not having the Holy Spirit. With tears in his eyes, he said **“Now I understand that God’s Spirit lives in me!”** Glory to God for His precious work in souls though His Word!

WE ARE ALL GOING TO DIE SOON!

“I’m going to die soon!” was the common refrain of **Marco Ortega**. Most of us assumed that it was just his way of saying that life is short, and we need to serve God now. Little did we know (and I doubt that he really knew) that his life would end at the young **age of 26**.

Marco was a faithful and very active member of Truth Baptist Church in Guatemala City, a church we started about 15 years ago. **On Friday, April 30th, Marco died of COVID**, after battling it in the hospital for several weeks. Marco was the sole provider for his mother and younger

UPDATE ON BETH’S HEALTH

Beth has no allergies! Her symptoms could have been from parasites, but none were detected either. She is “back to normal”. **Thank you so much for your prayers!**
